Community Chest Drive For $6,000 Opens Monday

"Everybody Gives, Everybody Benefits," is to be the slogan for the Washington Township Community Chest 1947 fund raising campaign which opens here Monday.

The time for the collection of funds this year has been shortened from the usual month-long drive to a two-weeks intensified campaign scheduled to close October 31. A quota of $6,000 has been set for this district with three organizations, the Boy Scouts, the Girl Scouts, and Salvation Army, to share in the funds collected.

SUPPLIES DISTRIBUTED

Warren Gravestock, campaign manager, presided at a meeting of town chairmen and some of their co-helpers, held last Thursday evening at the high school, and mapped out plans for the solicitations.

All of the individual community chairmen made reports on their local plans of procedure and one chairman characterized the feeling of all when he remarked, "Many workers, each doing his or her part well, is the secret of a quick and successful job. If all cooperate, the burden need not fall heavily on anyone."

"Each chairman and solicitor has been provided with a complete kit and will be easily recognized when they call on you," Gravestock stated. "Each donor will be given the traditional red feather and should wear this emblem during the drive to eliminate being asked for a contribution the second time," he added.

WORKERS READY

Emphasis was placed on the fact that pooling the three organizations into one campaign eliminates the necessity of three separate solicitations here during the year.

The majority of community chairmen reported early this week that they have their corps of volunteer workers organized and ready to begin the house-to-house canvass at the opening hour Monday morning.

Officers of the Community Chest here this year are: Edward E. Enos, president; Judge Allen G. Norris, vice-president; Carl Christensen, treasurer; and Carmelita Berge, secretary. Judge Norris also heads the initial gifts committee.

Community chairmen who head the campaigns in their home towns are: E. Dixon Bristow, Niles; M. W. Lewis, Centerville; Fred Melhase, Newark; William Katzer, Alvarado; P. J. Faletti, Decoto; Lois Bottenberg, Mission San Jose; John Souza, Warm Springs; Mrs. Ann Mayock, Irvington; and Mrs. Elsie Madruga, Alviso district.

LEG INJURY FATAL TO DONALD HOWE

Approximately 100 Washington Union High School students attended funeral services Monday for Donald Joseph Howe, 17, former member of the football squad who died at his home at Niles last Friday. He had been ill for nine months from complications resulting from a bone tumor.

Six former classmates acted as pallbearers, Clarence Rose, Joe Sankene, Howard Mendoza, Frank Corriea, Ralph Rodriguez and Phillip Enciso. A floral piece was sent by the Boys' W Club, of which Donald had been a member.

He was the son of Mrs. Arthur Lorenson and the late Joseph D. Howe; brother of Mrs. Bernice Maria, Mrs. Fern Maria, both of Niles; Mrs. Ann Bowman of Klamath Falls, Oregon, and Melvin Howe of Duluth, Minnesota. Services at the Berge Mortuary Company parlors at Niles and interment at the Odd Fellows Cemetery at Irvington were conducted by Rev. Donald Kirkbride, pastor of the Niles Congregational Church. The deceased was a native of Idaho and had lived in this community for four years.

NEED FOR CREDIT BUREAU IS VOICED

Niles merchants Wednesday evening considered the possibility of establishing a township credit bureau, to serve as a clearing house for information on local credit risks, at the October dinner meeting of the Merchants Section of the Niles Chamber of Commerce.

Ralph Goodwin, of the local accounting firm of Chapman and Goodwin, spoke on the increasing need for such an agency in this area.

Also considered at the meeting, held at the International Kitchen, were:

Details of the Christmas street decoration program;

A plan for increasing Niles retail business by awarding cash prizes;

Placing of garbage cans on First street.

The meeting was conducted by Walter Sletten.

KRUEGER RESIGNS CLUB PRESIDENCY

L. W. Krueger, Irvington variety store owner and operator, submitted his written resignation as president of the Irvington Improvement Club at a meeting of that organization held Wednesday evening at the grammar school.

In his resignation Krueger stated that because of business reasons he did not feel that he could devote the time that the position deserves.

Kyle Berry, vice-president, was elevated to the position of president and presided over the meeting and Vernon Leal was named to fill the office of vice-president.

FIND NILES YOUTH GUILTY OF THEFT

George Rose, 18, son of Mr. and Mrs. V. S. Rose of Niles, was sentenced to 60 days in the Alameda county jail and placed on probation for a period of two years by Judge Jacob Harder Jr. in Hayward court last week.

Young Rose was found guilty of stealing a variety of loot, mostly accessories stripped from automobiles. He also appeared before Judge Allen G. Norris in Centerville and was fined $50 for the theft of several bales of hay from the John Santos ranch.

Police recovered most of the loot, which was found in an abandoned barn near Niles.

Other members of the theft gang were turned over to juvenile authorities.

PLEAD GUILTY TO DOPE POSSESSION

Three Decoto men admitted guilt to the charge of possession of marihuana when they appeared before Judge E. A. Quaresma in Niles Justice Court last Friday afternoon.

The three men who entered pleas of guilty were: Alex Guzman, 20, Domingo Aguilar, 25, and Louis Vidrio, 24.

They were held to answer to superior court and were retained in custody by the sheriff's office in lieu of $1,500 bond each.

They were arrested outside a Decoto tavern the evening of September 27 by Alameda county deputy sheriffs. According to the deputies, at the time of the arrest, the men had three tobacco cans filled with marihuana seed and 137 rolled marihuana cigarettes in their possession. The complaints against them were filed by L. F. Braumoeller, inspector of the State Narcotics Division.

FIRST RAINFALL IN MANY MONTHS

The first rainfall recorded here since early June drenched the countryside Tuesday but soon disappeared in the parched ground.

Manuel Swartz, keeper of the rain gauge at the Southern Pacific depot, Niles, reported .11 of an inch deposited by the intermittent showers which began about 11 a.m. and cleared away by 4:30 p.m.

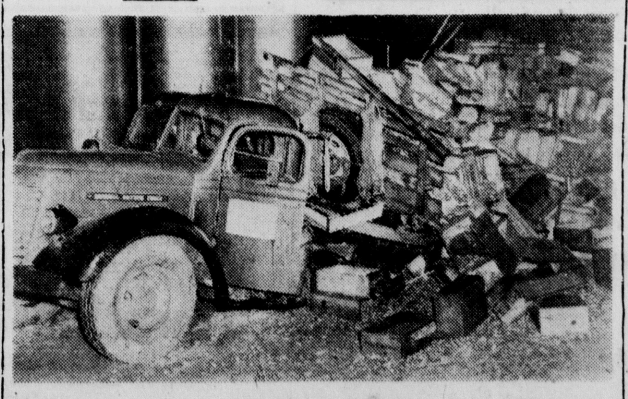

He reported that the last rainfall here was .36 of an inch in June.

NO INJURIES IN FREAK ACCIDENT

A highway accident at the intersection of Crook road and Warm Springs-Irvington highway, blamed on the slippery condition of the highway following a light rain, resulted in the smashup of three trucks and two automobiles Tuesday evening.

According to witnesses, the large trailer of a truck driven by Carl Morgansen of Modesto, jackknifed and struck and dumped a truck loaded with tomatoes driven by Phillip Aiello of San Jose. The trailer then swayed to the other side of the road and struck a car occupied by William Pine, 2449 Thornton avenue, Newark; heaved back and banged the sedan of Raymond Pickering, Irvington; and concluded its antics by cracking a small truck driven by Armand J. Torello, San Jose. No injuries were reported.

The rainfall contributed to the tomato muck, out of which all of the cars and small truck had to be towed.

STALLED MOTORIST BEATEN BY 'HELPER'

George J. Peixotto, 26, Hayward, asked for a push in Alvarado early Monday and got it —but not the way he meant.

He was attempting to get his car started and flagged a passing motorist to request a shove, he told deputy sheriffs. The driver he hailed spoke for a moment as though he was willing to help, then suddenly clouted the youth on the face with his fist. After he had been struck several times Peixotto fell to the ground and the assailant then grabbed his wallet containing about $50 and sped off.

The victim walked to the home of Frank Guitierrez, 1949 19th street, Alvarado, who took him to a doctor where he was treated for facial cuts and a broken nose.

Game time has been set for 7:30 p.m. and the game is expected to last some two hours allowing for the traditional stubborn balkiness of the small beasts of burden.

Rules of the game state that all plays must be made while the participant is seated upon the back of the mule, a position oft times difficult to attain.

According to Erle Hygelund, chairman of arrangements for the Lions Club, that organization's portion of the proceeds will be added to a fund set aside for eye correction for needy children. Tickets may be purchased from any of the members of the two organizations or at the gate at game time.

Mission Man Is President Of Township Planning Assn.

Headed by a new slate of officers, the Washington Township Planning Association embarked this week upon a broad program for the development of the township. The new president of the organization is Stuart L. Fletcher of Mission San Jose, whose wide experience, the nominating committee reported, eminently suits him for the post.

A resident of Mission San Jose for three years, he is a graduate in engineering of Columbia University. He holds the position of business manager of the Spring Garden Show held annually in Oakland. His activities have always centered around production engineering and business management. During the war he was engaged in construction work for the Navy Department in the Pacific.

"Population growth demands attention to Washington Township problems," the new president said on taking office Tuesday evening at a meeting at Washington Union High School. The Planning Association must interest itself in all activities affecting Washington Township."

The new secretary of the association is G. B. Cotton of Newark.

Fletcher and Cotton replace L. R. Batman, former president, and Edward E. Enos, former secretary, who last month resigned their offices. Enos had served as secretary of the organization since its inception. Batman held office for a year and a half, succeeding Jack Rees as head of the body.

A board of directors, after amendment of the constitution, was elected, consisting of the new president and secretary, Postmaster Manuel Lewis of Centerville, Bernie Joseph of Decoto, and L. R. Batman of Niles.

Projects on which the Planning Association will work in the future were outlined as:

1. Continuation of the program toward establishing a township hospital.
2. Solution of the water problem.
3. Making Dumbarton Bridge toll-free.
4. A regional park in Niles Canyon.
5. Better highway access to the township.
6. Location in the township of county offices.
7. Consolidation of various districts where advisable.
8. Highway grade crossing safety.
9. Publicizing Washington Township.

President Fletcher stated that he would call a meeting of the board of directors in the near future to outline a program.

The new president brings to his office a varied experience which, it was generally expressed at Tuesday's meeting, will be of distinct advantage to Washington Township in heading the Planning Association.

What a billion dollar steel expansion program means to you

THE steel companies of America are spending one billion dollars to add 2,500,000 tons of new steelmaking capacity for your benefit. Parts of this program were started two years ago.

Further expenditures of many more hundreds of millions are planned for additional plants and equipment.

This means that more and more steel will be available to make the things you need—houses, farm implements, automobiles, freight cars and thousands of other products of everyday use.

Steelmakers Have Faith in our Nation's Future.

This year's production of steel is the greatest in peacetime history, far greater than all the rest of the world combined.

But demand is great, too—greater than supply for some kinds of steel. If 18,000,000 tons of steel had not been lost in the last two years because of strikes in steel, coal and other industries there would be few complaints about the steel shortages today.

The huge expansion programs were planned to enable the industry to catch up with demand in *all* kinds of steel as quickly as possible.

In 1929 the steel industry could make 1,173 pounds of steel for each man, woman and child. Today it can make 1,499 pounds. With the expansion in prospect it will make 1,540 pounds.

As always throughout its history, steel is expanding its capacity to meet the growing needs of the country.

IN SOUTH AMERICA
News from Joe Faria who traveled via plane to Rio de Janiero, Brazil, finds him enjoying his three month's stay in that country. He is visiting his mother's sister and other relatives and friends and is being entertained at parties and dinners given in his honor. He noticed particularly in his travels that construction in Brazil is equal to that in the States.

DEER HUNTING
Frank Neves took a few days off this past week from the Neves Barber Shop to try his luck at deer hunting up north.

UNDERGOES OPERATION
Mrs. G. Petersen returned to the Permanente Hospital in Oakland on Oct. 1 for a second operation on her arm which was badly mangled in a recent accident.

Miss Rose Gisler and brother, Adolph, motored to Pittsburg last Thursday evening, Oct. 3, to visit a friend who has just received his discharge from the service.

ENJOY DINNER DANCING
Miss Evelyn Santos and fiance, Lew Zaballos of Hayward, Mary Ann Ramsey of Oakland, and Ronald Baptist of Hayward spent an enjoyable evening dinner-dancing at the Lake Merritt Hotel in Oakland.

NO DEER
George Marshall, Will Raber, Bill Ledford and Bill Santana journeyed to Georgetown this past week-end, staying at Uncle Tom's Cabin, for some deer hunting. The boys had an enjoyable outing but came home empty-handed. With husband George away, Mrs. Marshall and children, Pam and Jerry, took advantage of the opportunity and spent the week-end at the home of Mrs. Marshall's parents, Mr. and Mrs. George Kolmes of Centerville.

INFANT BETTER
I am glad to report that little Miss Deborah McNieve is much improved after suffering a severe tonsil infection this past week-end which makes "your correspondent" a very happy and relieved Mommy.

Judy Lezand, infant daughter of Mr. and Mrs. Daniel Lezand, is another little miss who has been on the sick list this week.

ENJOY BOAT TRIP
Mrs. Hazel Land of Newark and Mrs. Martha Taylor, Mrs. Mary Leon and Mrs. Jean Barks, all of Niles, were guests of Seaman 2c and Mrs. Robert Burnor on a cruise of the Naval Reserve training ship, P.C.F. 1446, last Sunday, which was "Ladies' Day" on board. The ship toured points of interest in the San Francisco Bay and then headed out to sea. Leaving at 1:30 p.m., the gals didn't hit land again until 4 p.m., with no sea-sickness reported.

GIRL SCOUTS MEET
Scoutmaster Kay Kettman met with the Girl Scouts on Monday, Oct. 6, for their weekly meeting. The "Tenderfoots" spent their time making tamborines, under the direction of Mrs. Vera Santos. This younger group is looking forward to taking folk dancing, with arrangements being made at a later date. The second class scouts worked on their second proficiency badges, which consisted of making emergency telephone cards. When these scouts can claim their ten badges, they are then known as first class scouts.

IN FISHING CONTEST
Mr. C. McNieve and Mrs. Bud Kettman spent Saturday fishing at Frank's Tract. They were participants in the annual Freiden's Fishing Derby. At this printing the winners had not been judged, but McNieve need not worry as he didn't even see anything slightly resembling a fish. Mrs. Kettman, however, brought home the bacon—three fish.

Diary of Barbara, our newest operator

"First day at work . . . and I wasn't a bit nervous! I thought I would be, but the girl who is teaching me was perfectly wonderful. I practiced on a special board with one other girl and we had a lot of fun laughing about our mistakes. The work is interesting . . . and I'm paid regular wages while in training.

"I met lots of friendly girls in our comfortably-furnished lounge . . . that's where we get acquainted and enjoy refreshments during leisure periods. All the girls I've met seem to feel that being a telephone operator isn't just another job . . . they say it's a real opportunity for a girl to do helpful, important work that benefits everyone in town.

"I'll get three raises the first year, then a week's paid vacation . . . two weeks after two years. I know I'm going to love my job." . . . *We want you to enjoy your job, Barbara. You'll have the security of sickness benefits and a fine pension plan, too. And it's important work—the life of the community and of the country flows through your magic switchboard.*

New Working Dollars . . . Millions of new dollars needed to build buildings and buy new equipment to meet the public demand for more telephones and more service do not come from telephone bills. New dollars come from people who are willing to put their savings into the business. We must earn enough to attract these new working dollars.

NILES SCOUT HUT IS DEDICATED TO YOUTH GROUPS

The quonset hut recently erected on the grounds of Niles Grammar School officially became the Niles Scout Hut at dedications ceremonies held Monday evening.

More than 200 Scouts leaders, Scouts, their parents and guests were present at the ceremony which dedicated the building to the use of Boy Scouts, Girl Scouts, and other youth groups.

HOLD COURT OF HONOR

The program was opened with Scout Bugler Leon Musgrove blowing assembly. Rev. Donald Kirkbride, pastor of Niles Congregational Church, offered the invocation. John Musgrove, leader of Troop 2, led the group in the pledge to the flag. This was followed by the presentation of awards to both the Girl and Boy Scouts.

E. Dixon Bristow, speaker of the evening, was introduced by Fred Duffie, local Scout commissioner. Bristow traced the history of the building in serving the armed forces during the war years and pointed out that now in its present use it would benefit the youths of this community. He added that in the event a summer recreation program is started here in the future the building could likewise be used in that project.

Bristow then introduced the members of the school Board of Trustees who purchased the building and had it brought here for its present use. He also introduced the leaders of the Girl Scout organization: Robert Moore, Mrs. L. R. Creighton, Mrs. Henry Vervais, Mrs. Kay Kettman, and Mrs. A. W. Gorman.

Mike Robles and Arillo Arias, committeemen of Troop 1, entertained with two Spanish vocal selections. Duffie led the group in reciting the Scout oath and Bugler Musgrove played taps. The meeting was closed with refreshments.

BENEFIT FESTIVAL BRINGS OVER $150

The Harvest Festival given by the Toyon Branch of the Children's Hospital of the East Bay last Saturday at the Old Adobe proved to be a most successful affair. The proceeds from the luncheon and sale of harvest produce amounted to over $150, which repays the extensive efforts of those in charge to make the benefit event a success.

The Old Adobe provided a delightful setting for the luncheon tables, where the guests gathered to be served a home-cooked luncheon. Afterwards they were entertained by folk-dancers, under the charge of Mrs. Frances Mara.

Mrs. Frank Fields, general chairman, was assisted by the members of Toyon who prepared the luncheon, served, and took charge of the sales of produce. Mrs. James Whipple, chairman, and Mrs. W. H. Ford, were instrumental in securing produce which was generously donated by the following: L. S. Williams, W. B. Williams, Cloverdale Creamery, L. E. Bailey, the McKeown ranch, Mr. Mello, LeBon Brothers, Orsetti and Son, Al Caeton Jr., Ted Harvey, M. S. Abreu, and Mr. Emery.

RELATIVES KILLED IN SUNOL CRASH

An auto-train crash at the Western Pacific crossing in Sunol Tuesday evening claimed the lives of Marlene, 7, Julia, 5, and Lyle, 2, children of Mr. and Mrs. Charles Ussery of Sunol, and Charles H. Hanavan, uncle of the children.

Highway patrol officers reported that Hanavan, who had taken the children to Pleasanton for a visit, failed to heed the wig-wag signal at the crossing.

The mother of the children was in St. Paul's Hospital, Livermore, with a five-day-old son at the time of the crash. She lost another daughter, Alpha, 17, who was struck and killed by an auto near Sunol on June 17, 1946. The couple have one other son, 17-year-old Charles Jr.

The father of the children is a brother of Robert Ussery, operator of the B. & G. Motors Garage, located on the Centerville-Newark highway.

DRAWS $100 FINE FOR RESISTING OFFICER

Tom Sinclair, Irvington, was fined $100 on his plea of guilty to resisting arrest in Hayward court Monday. Sinclair, by his plea, admitted resisting an Alameda County deputy sheriff who arrested him for disturbing the peace outside an Irvington tavern Saturday evening.

DECOTO DISCUSSION GROUP HOLDS MONTHLY MEETING AT BERKELEY

By ETHEL AVILLA

The Berkeley Women's City Club was the setting for the monthly meeting of the Decoto Discussion Group Oct. 1. Each member contributed a part of the picnic luncheon while the hostess, Miss Mary Barmby, served the dessert course and coffee. Guests were Miss Barmby's sister, Dr. Martha Barmby; Mrs. Dorothy F. Roberts, Alameda County Librarian; Mrs. Roland Bendel; and Miss Jeanne Baird of Berkeley, retired senior librarian of the Alameda County library.

After the luncheon the group adjourned to the patio adjoining the Barmby apartment for the discussion of Linnie Marsh Wolfe's "Son of Wilderness," the life of John Muir, which won the annual prize given by the Commonwealth Club for the best biography of 1946. In the absence of Miss Cecelia Janeiro, the discussion was carried on under the leadership of Mrs. Walter Avilla. The ladies talked at length about Muir's early life, education, travels, religious theories and his great ambition to preserve wild life which lead to the forming of our National Park system.

The November meeting will be held at the home of Mrs. Harold Wallace. Louise Baker's "Out On a Limb" has been selected by Mrs. Edward Goularte for study then.

ENTERTAINING PROGRAM HIGHLIGHTS FIRST BUSINESS MEET OF COUNTRY CLUB

Two outstanding performances were given last Tuesday at the first regular business meeting since last spring of the County Club of Washington Township.

One was the singing of Lorraine McClain, talented Washington High school sophomore, and the other was the very interesting recital given by Mrs. Wilda de Buy, of her many varied and entertaining experiences during her residence in Java.

The young soloist, whose voice shows exceptional promise, sang two numbers: "One Night of Love" and "Alice Blue Gown," accompanied by Mrs. Hugh Kibby.

Mrs. de Buy, trim, petite, and smartly-dressed, belied her appearance by telling of breath-taking experiences during her stay in Indonesia. One of her most interesting anecdotes concerned her introduction to a cannibal who, upon being questioned by her, sheepishly admitted (through an interpreter) that he "had eaten only three human beings."

Mrs. de Buy went on to relate of her adventures during an alligator hunt, and, not as dangerous but equally novel, of her visit to a harem.

She concluded her highly entertaining talk by bringing a message to the western women from the women of the east. "Their lives," she asserted, "are so very different from those of the western women. But they are looking to us to show them a better way of living and are always eager for information that concerns us and our customs."

The program for the afternoon was in charge of Mrs. Loren Marriott, who introduced the speaker and Mrs. F. Muller who introduced the singer. Mrs. Warren Gravestock was general chairman.

Preceding the program, the business meeting, conducted by President Mrs. Franklin Brown, was devoted to the reading of the minutes, to the announcement of the names of new members, and to reports of conventions given by Mrs. E. H. Hirsch and Mrs. Roland Bendel.

NILES WOMAN PLAYS WORLD SERIES ROLE

BALL HERO GRATEFUL FOR RECORDING

A sleepy young mother, who was taking a cat-nap when her husband became a baseball hero in the recent World Series in New York, is deeply indebted this week to one of our local baseball fans who took a home recording of the thrilling event.

Mrs. H. L. Mottershaw of Canyon Heights, Niles, must have a sixth sense when it comes to baseball. She began recording the game just as Harry "Cookie" Lavagetto went up to bat to give what turned out to be the most thrilling performance of the whole World Series. It was the fourth game of the Series, in the last half of the ninth, with the Dodgers behind. Two men were on base with two outs. The Dodgers put in a pinch-hitter, Lavagetto.

Lavagetto, an Oakland lad, came through in true pinch-hitter style. He went to bat to bring in the tying and winning runs, and thereby pulled the game out of the fire for the Dodgers. The crowd went wild.

Mrs. Lavagetto, at home in Oakland, worn out from her recent ordeal of becoming a mother (the baby is only three weeks old) was resting on the sofa at her home in Oakland listening to the game. She dozed off and awoke with a start to find that the crowd was going wild over her husband!

When she received a letter from Mrs. Mottershaw, telling of the recording and asking if they'd like to have it, it was almost like an answer to a prayer for Mrs. Lavagetto, who had only half heard the thrilling moment. She immediately phoned to Mrs. Mottershaw to tell her how grateful she would be to have the record. She said her husband, too, who is expected home today (Friday) would be very happy to know that the most exciting moments of his life had been recorded.

Mrs. Mottershaw is not certain whether the baseball hero will come to Niles to get the recording or if they will ask her to send it to them. In either event, she is happy to have had a small, though important part, in the World Series.

Thinking Things Over . . .

By VIVIAN BATMAN

We're herewith reprinting part of the daily column of "The Knave" which appeared in the Oakland Tribune, with an answer following:

"If you think the United Nations is having some little difficulty in attaining global unity, you should hear about the trials and tribulations of a three-year effort to organize a central civic group in our nearby Washington Township.

That's the Southern Alameda County area where eight towns—Alvarado, Centerville, Decoto, Irvington, Newark, Niles, Mission San Jose and Warm Springs—all are agreed on common interests.

They are conscious of the fact that Bay Area development is swinging rapidly in their direction. They want to consolidate sanitary, fire and school districts. They want to make Dumbarton Bridge toll free, establish a state park in Niles Canyon, form a community hospital district.

On all those and other objectives they are unanimously in agreement, but there are some really important considerations which have evoked something akin to dissention.

The name, for example. Chambers of Commerce don't want the new organization to be called an Improvement Club, and Improvement Clubs don't want it established as a Chamber of Commerce.

The Washington Township Planning Committee, which started with $50 three years ago, has held 12 meetings, and still has $40 of its original capital in the treasury, is loathe to cease its activity but agrees it should have a new name and wider scope.

Then there's the matter of representation. Should each existing civic organization have one vote, or should all township residents be invited to join individually? On the organization basis, Niles would have four votes; Centerville and Newark, two each; Alvarado, Decoto, Irvington and Warm Springs, one each; while Mission San Jose would have to form a local group to get representation.

That vote schedule is viewed askance by the prospective two-vote members, and even more so by the one-vote group, but they haven't been able to offer an alternative, in view of existing concentrations of population.

So far, the Township unity planners are one up on the U.N. To date, no one has walked out of a meeting. But they have a "discussion" set for October 7, and anything might happen."

Dear Knave:

You doubtless have heard the old saw to the effect that a wife can laugh at her husband's foibles, can be amused by his idiosyncrasies, and can berate him publicly for his ineffectual ways, but—woe be unto a third person who tries the same tactics! The wife will rush to her husband's defense like a mother bear defending her cubs.

In other words, Knave, we are aware of our shortcomings in this community (Washington Township) but we are not too happy over a third person—an outsider so to speak—telling us about them in that looking-down-the-nose, aren't-they-just-too-funny attitude.

I don't like your negative approach in your references to what Washington Township has been doing. For instance, you mention that the Washington Township Planning Committee started out three years ago with $50, and now still has $40 in its treasury.

Is that bad? Rather, I should think it would be commended to other civic groups as a lesson in economy. What other group that you can name has, among other things, managed to put through a bill in the state legislature making it possible to establish a hospital district, and persuaded the county supervisors to increase the candlepower of many lights in the township, and to adopt a county zoning ordinance—all on ten dollars! That won't pay the postage and telephone calls involved! Can your city government of Oakland, Knave, do so much for so little?

Yes, there WAS trouble in agreeing on a proper name for a group which is desirous, above all things, of working for township unity. But I resent your sardonic and satirical ". . . there are some really important considerations which have evoked something akin to dissention . . . the name, for example."

One would gather, from reading the above statement, that we down here have an I.Q. that is slightly higher than that of a goony bird.

And incidentally, we are NOT working for a STATE park in Niles Canyon. We are working for a REGIONAL park. Do you know the difference, Knave? If not, consult your files.

I will close, Knave, by expressing the hope that hereafter you will not be so naive. Confine your irony to your own bailiwick. If there's anything to be laughed at down here, let us do it. We're quite capable of taking care of our own laughing matters.

IRVINGTON RENEWS FIRE EQUIPMENT

At a meeting of the Firemen's Club of Irvington, held Monday evening at the fire house, it was announced by President Manuel Guardanapo that the department has completed remodeling one of the trucks and now has two modern equipped fire engines.

More than $1,100 has been spent to equip the truck with all the necessary gear for combatting grass fires. Improvements include the installation of a new pump, new engine, additional hose, repainting and new red blinker lights.

The meeting was closed with refreshments.

DECOTO, NILES ARE DEFEATED SUNDAY IN LEAGUE PLAY

The Irvington ball club trounced the Niles team in a dusty scoring rampage on the Irvington diamond last Sunday in a Southern Alameda County Winter League encounter, continuing to keep the Niles nine out of the win column.

The Irvington lads scored in six of the nine innings for a total of 19 runs, while Pitcher Alameda held the opposition to seven hits and two runs.

In the meantime, the Marlo team was playing host to Golden State Fireworks on the Decoto diamond and bowing in defeat to a 9 to 6 score.

Garcia started on the mound for the Marlo nine but was relieved in the second inning by Sanchez when he got into trouble. The visitors piled up 6 runs in the eventful second. Paul Pagan, Marlo left fielder, rapped out a homer in the seventh with no one on.

This Sunday Marlo will play Ramos Drugs at the Bret Harte diamond in Hayward; Irvington will be host to Ashland; and Niles wil take on the Hayward All-Stars at the Centerville field.

HUSKIES BOW TO JEFFERSON; MEET FREMONT TONIGHT

The first defeat of the 1947 football season was dealt Coach Jud Taylor's Washington Huskies last Friday night at Washington Memorial Stadium by the powerful Jefferson High eleven of Daly City.

The Huskies, confused by the clever ball handling in the T-formation by the Jefferson Indians, were out-pointed 18 to 13 in a hard-fought battle. Coach Len South's visiting squad might well credit the victory to Quarterback Don Mossi who handled the ball in the T-formation and out-punted and out-passed any prep star that has been seen in action here in many moons.

IMPROVE PASS ATTACK

Washington's offensive attack showed marked improvement over last week's encounter with Livermore, particularly in the aerial department.

Last Friday night's game opened with Mossi kicking for the Indians. The boot was taken by Sankene and returned to the Huskie 28-yard line. Two tries at the center of the line netted but four yards and the third down was forfeited via an incomplete pass. A high pass from center on the fourth down lost the ball to the Indians on the 21-yard line.

Ted Van Kirk, high-stepping Indian halfback, on a series of reverses over his own right tackle advanced the ball to the Huskie 5-yard line. Desalvatore, left end, slipped behind Halliday and gathered in Mossi's pass for the first touchdown after six minutes of play. The try for extra point failed.

HUSKIES TAKE LEAD

Halliday took Mossi's kick on the 30-yard line and returned it to the mid-field stripe behind beautiful blocking and the Huskies began their march. Durazo picked up 8 yards on a reverse over his own right tackle. Salvador carrying the pigskin on the second play made it a first and ten. Little Irv Alameda grabbed Rodriguez's pass on the ten-yard line and fought his way down to the five. On three successive smashes at the center of the line, the Huskies gained but a total of 2 yards. With fourth down and three yards to go, Rodriguez flipped a basketball pass to Alameda for the score. Rod's pass to Durazo counted for the extra point and the Huskies led 7 to 6.

Goularte kicked to Mossi who was smothered on his own 39 by Enciso, Morley and Duffie. Ottenello picked up 8 yards around his right end and Mossi, in a quarterback sneak, made it a first and ten on the 50.

CRACK HUSKIE LINE

Continuing to hammer at the Huskies left forward wall, the Indians smashed their way to the 33 where Coach Taylor's boys took over after a series of incomplete passes. Graber, hampered by the slow formation of his interference, gained but 2 yards in two attempts to skirt his right end. Rodriguez got off a good punt to Mossi who fought his way back to his own 49. In two plays the Indians had advanced to the 14-yard line. The Huskie forward wall tightened down and held momentarily but Mossi broke over into the end zone to make the score 12 to 7. His attempt to drop kick the extra point was blocked by Goularte.

TRAIL AT HALF TIME

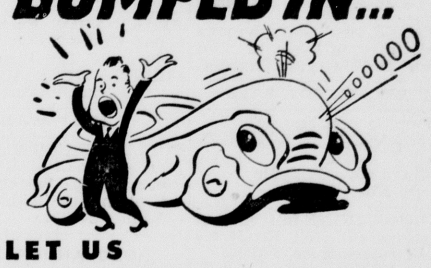

The Huskies took over after Mossi's kick on their own 39 and battered their way to the Indian's 44 where they were stopped when Mossi intercepted Graber's pass. Herring and Morley broke up three Indian plays before they could get started, and after an exchange of punts the Indians took over on their own 39. The Indians advanced to the Huskie 14-yard line where their march was halted by Morris who intercepted a pass and galloped to his own 30 as the first half ended.

Washington kicked to Jefferson to open the second half and broke up another Indian scoring threat by recovering a fumble on their own 40-yard line. After three incomplete passes Graber booted to the Jefferson 30. The Indians advanced to the Huskie 45 where the Huskie defense tightened and

HUSKIES LOSE

(Continue from page 7)

Mossi got off a beautiful boot which went out of bounds at the Huskie 5-yard line.

With Sankene, Rodriguez and Durazo alternating carrying the ball, the Huskies made three first downs but lost possession when Graber's pass was intercepted on the 43-yard stripe. On the first play Robinson, Indian fullback, battered his way to the 20. Two incomplete passes, a penalty and a fumble lost the Indians their chance to score and the Huskies took over on their own 23.

Jefferson intercepted and Desalvatore slipped behind Kious, Huskie quarterback, and took Mossi's pass where he was downed in his tracks on the 5-yard line. Robinson went through center standing up to make the score 18 to 7. The try for extra point was no good.

After an exchange of punts following the kick-off, the Huskies took over on the mid-field stripe. A pass to Alameda and runs by Sankene and Graber advanced the ball to the 20 where it was lost on downs. The Indians made one first and ten and then fumbled on the 34-yard line and it was recovered by Washington. Graber's pass to Alameda gave the Huskies a first down and goal to go on the Jefferson 9-yard stripe. The Huskies were held at the 3-yard line and the Indians took over with three minutes of playing time left.

ALAMEDA SCORES

Alameda recovered an Indian fumble on the 5-yard line, setting up the second Huskie touchdown. A shovel pass from Graber to Alameda accounted for the Huskie's score. Nunes try for extra point was blocked.

Washington dribbled a short kick to the mid-field stripe in an attempt to charge down upon it and take possession, but an Indian linesman was on the bottom of the pile. Rodriguez recovered an Indian fumble on his own 46 with 30 seconds to go. A pass to Alameda was good but he was stopped on the Indian 45 as the final gun sounded.

The Huskies will open their S.C.V.A.L. season tonight (Friday) against Fremont High of Sunnyvale, reported one of the strongest contenders for the league title. The "30's" will open the double-header at Memorial Stadium at 6:30 and the varsity game is scheduled for 8:15.

QUARTARARO TO SAN JOSE STAGE

Florence Quartararo, the "find of the season," according to the New York Times in 1946, will sing in the auditorium, San Jose, on Monday evening, October 20, the first event of the San Jose Concert Series season. The beautiful Quartararo, still under 25, won her spectacular stardom by a series of fortuitous pinch-hits for Metropolitan stars. Sudden indisposition of Nadine Conner sent her on the Metropolitan Opera stage in "The Magic Flute," then in the leading soprano role of "Traviata" for Bidu Sayao, of "Carmen" for Licia Albanese, and of "Otello" for Stella Roman. Each time the young San Franciscan scored a sensational success, and her name leaped into lights almost overnight.

Victor Jory's production of David Belasco's smash hit of 1905, "Girl of the Golden West," now at the Curran in San Francisco, will have one performance in San Jose on Sunday evening, October 26. Jory himself, well-known in films and on the New York stage, will play the sheriff. James Ellison, equally famous, and especially popular in his "Hop-A-Long Cassidy" pictures, will be seen as the handsome road agent, and Catherine Craig, New York actress, will be seen in the title role of the "Girl," in which Blanche Bates starred in the original company.

An added feature of interest will be the introduction of the Gold-miners' Chorus, and songs, including "I Left My Girl in Monterey," "Sunset on the Trail," and others.

Tickets for both events are on sale at the Denny-Watrous box office, San Jose auditorium.

STUDENTS TO VIEW DEMONSTRATION

The students of Washington Union High School will view a demonstration today (Friday) by the Centerville fire department in conjunction with fire prevention week.

The demonstration is slated to begin at 1:45 p.m. on the softball diamond with Fire Chief Fred Rogers and Assistant Chief Frank Madruga in charge and some 12 members of the department participating. A shack will be constructed on the field and ignited to allow a demonstration of the various types of fire-fighting equipment now in use by the local department. A life-saving demonstration and use of the inhalator will also be shown the student audience.

NEW HOME DEMONSTRATION GROUP ORGANIZED HERE

The first meeting of a newly-organized group, the Washington Township Home Demonstration group, was held October 2 at the home of Mrs. L. A. Mayer in Niles, with twelve members present.

The meeting, which followed a dessert luncheon, was conducted by Mrs. Maryetta Holman of Hayward, home demonstration agent, who led a discussion on textiles.

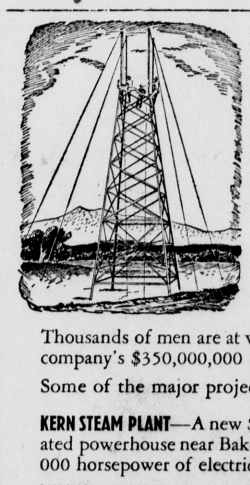

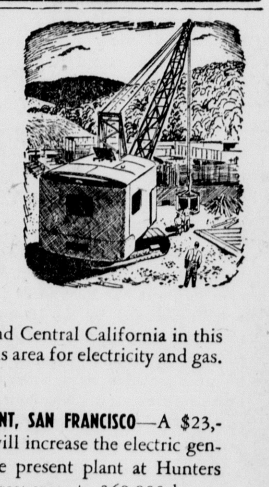

The following officer were elected: chairman, Mrs. Marian Zwissig; vice-president, Mrs. Betty Scott; secretary-treasurer, Mrs. Clarence Crane; publicity, Mrs. L. A. Mayer.

The next meeting will be held at the home of Mrs. Crane, and the topic for discussion will be the factory methods of making women's slips.

DONORS NAMED

New cash donors to the Niles Scout Hut fund since the list was published last week are: W. E. McElvain, Dr. T. C. Wilson, and Dr. Lyle Buehler.

MEN at WORK all along the line!

Thousands of men are at work on scores of projects throughout Northern and Central California in this company's $350,000,000 expansion program to meet the future needs of this area for electricity and gas.

Some of the major projects in this construction program are:

KERN STEAM PLANT—A new $25,620,000 steam-operated powerhouse near Bakersfield to generate 235,000 horsepower of electricity.

MIDWAY SUBSTATION — A $10,300,000 project, including a 212-mile transmission line and a switching station to bring 220,000-volt power from Sierra hydroelectric plants to the Southern San Joaquin Valley.

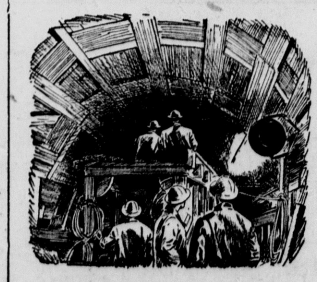

MORAGA SUBSTATION—A $7,200,000 substation and transmission line project to bring 250,000 additional horsepower of electricity to the power pool serving Contra Costa and Alameda Counties.

MISSION STATION—A new $6,400,000 substation and two transmission circuits to augment the power supply of the San Francisco metropolitan area.

STATION "P" STEAM PLANT, SAN FRANCISCO—A $23,700,000 project that will increase the electric generating capacity of the present plant at Hunters Point from 62,000 horsepower to 360,000 horsepower.

ELECTRA AND WEST POINT POWERHOUSES — Two new powerhouses costing $19,600,000 with a combined generating capacity of 154,000 horsepower on the Mokelumne River.

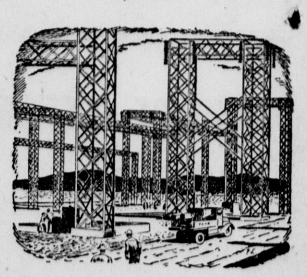

ROCK CREEK AND CRESTA POWERHOUSES — Two new hydro plants on the North Fork of the Feather costing $61,800,000 and having a combined generating capacity of 270,000 horsepower.

This is the biggest construction job the P. G. and E. has ever undertaken and work is being accelerated as fast as materials and manufactured electric equipment are delivered. So far we are right on schedule to have the vast job done in 1951.
